

Senator Bernie Moreno
*Consumer Affordability and
Responsibility Enhancement
(CARE) Act*

- **Provide a temporary ACA Premium Tax Credit extension — but responsibly.** Give Americans a *two-year glidepath* off the COVID-era giveaways.
- **Phase out subsidies for high earners.** End premium tax credits once household income hits \$200,000 — because *wealthy Americans don't need Uncle Sam's help* buying insurance.
- **End \$0 premiums.** Require a *\$25 minimum monthly payment* so everyone has skin in the game — and to *shut down the fraud and abuse* that zero-premium plans invite.
